To Whom It May Concern:

For the past 22 years, the Institute for Supply Management – Fort Worth has hosted the Roy L. Anderson Golf Tournament for the purpose of funding scholarships for deserving students at the University of Texas at Arlington, North Texas University and Texas Christian University.

Since its inception, this non-profit event has awarded scholarships to more than 180 students at these universities and in doing so has positively impacted so many young lives and our community in general. The remarkable determination of the ISM-FW organization for such a long period of time is an inspiration and shows what can be done by a few to help so many others.

It is with great pride that I sincerely endorse this event and encourage everyone to support the Tournament through your participation and donations.

Sincerely,

Betsy Price
Mayor
